

Gallery Walk: Display Assessment

1. What are some key ideas you have gained by working on your own display project?
2. Viewing other groups' displays, what information do you consider most interesting? Explain your response.
3. What surprised you most about the physician assistant profession after viewing the displays?
4. Which display was your favorite and why?
5. What questions do you have on specific display boards?
6. How can the information you've learned from the physician assistant displays help you in the future?
