

Gallery Walk Poster Evaluation

1. What are some facts that you learned by working on your own poster?
2. What are some issues you and your group had to consider when designing the poster and/or selecting images, colors, etc.?
3. What was the most difficult part of researching and designing your poster?
How did your group resolve these difficulties?
4. Other than your own, which poster was your favorite and why?
5. Which poster contains information that surprised you? What was that information?
6. How could you apply the information on these posters outside of class? Where might this information be useful?
7. What questions do you have after viewing all of the posters?
